GerVetUSA™

Animal Care at the Highest Quality

We are GermedUSA Inc. the manufacturer of fine quality surgical instruments for use in Operating room. Our company specializes in making instruments if you need something special: that's what we do! Our company has 30 years of experience, we are the best! The instruments we make are made for small animal grams in size to an animal that are tons in mass. We use the finest in materials and always meet or exceed FDA requirements, but more important we meet the standards of our customers that use our instruments every day to save someone's special friend.

A lot of our products come from customers we have a line of Neo Grip forceps, needle holders, etc. Neo grip product have very unique design enabling the clinician greater control in the surgery setting, the tool is smaller than most allowing ergonomic control where hand movements are more fluid and less restrictive. The tool has a much smaller profile and suturing is done with ease! We have a line of dental instruments for all your dental needs and add in dental care such as extractions. Our roots are from All Surg Instruments GMBH in Wurmlingen Germany, all our instruments know their heritage!
